The copy filmed here has been reproduced thanks to the generosity of:

Victoria University Library Toronto

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ▽ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Victoria University Library Toronto

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression, ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "A SUIVRE", le symbole ▽ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

THE TRAIL OF THE BUGLES.

IN early fall
When the world is still,
There comes a call
By river and hill,—
A breath of the passion
Of Wilding Land
No lips can fashion,
No heart withstand.

The scarlet cry
Of a bugle's wail
Goes fading by
On a lonely trail;
And the heart of the year
Is braced and set
In battle gear
For the ages yet.

Once through the arch
Of the Autumn wood,
I saw the march
Of a giant brood.

I heard no tread
Of the warriors there,
But the hills were red
With the bugles' blare;

On the shadowy quest
That is never done,
They strode abreast
Of the wheeling sun;

With no retreat,
Through the hazy flume
They marched to beat
At the gates of doom;

For these were they
Whom glory sealed
In the brunt of the fray
On Sombre Field.

By a goblin road,

Where the crimson line

By a goblin road,
Where the crimson line
Of maples glowed
In the deep blue pine,

Throng upon throng
They gathered and grew,
And all day long
On the hills they blew.

And ever I dream
Of a host since then,
And the moving gleam
Of marching men.

My heart is hot
With the bugles' cry;
And tiring not,
Tho the world go by,

Possessed and wild,
I must on and on
Like a marching child
With the warriors wan.

But the low wind veers,
And the sun recedes
Through the leveled spears
Of the river reeds,—

Back to the dim
Auroral vast
Pale twilight rim
Of the world at last,

To the great release,
Where all trails wend,
And there is peace
At the Autumn's end.

To that still land
All things depart;
The fondling hand
And the foolish heart;

The dear spent youth
Of triumph and hate;
The dear bought truth
From the lips of fate;

The beautiful ghost
Of a perished prime,
Wandered and lost
On the moors of time;

The April days
With their shining hours,

The April days
With their shining hours,
The woodland ways
And the forest flowers;

The stir that wakes
In a swallow's wing
When slumber aches
At the heart of Spring;

The pulse that swells
In sapling and seed
When the frozen wells
Of the North are freed;

The sigh that passed
In a lull of the rain
To the outer vast,
On the long refrain;

The grievous plight
Of the whippoorwills,
Teasing the night
In the summer hills;

The hermit thrush
With his golden dream;
The murmuring hush
Of the arrowy stream;

The noonday rest
Of the drowsy hern;
The unknown quest
Of the wandering tern;

Splendor and scorn
And ruin and sleep;
The windy morn
And the blue deep;

The drift sea-fogs
That whiten the sun;
The piping frogs
In Spring begun;

The core of life
In a buried hope,
That sprang to strife
In the larger scope,

And warred on doom
To the bitter end,
In the outer gloom
With death for friend;

Through the open door,
The days untold

Through the open door,
The days untold
That come no more
Though Spring grows old:

All these go down
To night on the hills;
And their renown,
As a babble of rills,

Through the lips of fame
Shall pass and die.
But one clear name
Is a thing to cry

In the bugles of God,
When the brave are few.
And the flower^{ing} sod
Has a crimson dew,

Till the heart of man
Is at rest and set free,
And time is a span
Of the wind on the sea.

BLISS CARMAN.
